## Athletic Proselyting Problem For CJCSGC

Steve Gamble and Moreland Johnson will attend the California junior college student government conference as representatives of Hartnell College. It will be held at the Santa Rosa Junior College, Santa Rosa, beginning March 31 and ending April 2. Other members of the commission are also planning to attend.

This conference, composed of student representatives from all junior colleges throughout the state, has been held every semester since the spring of 1945.

The convention is entirely student governed, and is meeting for the purpose of discussing governmental issues and problems that arise in student legislature. Student leaders are realizing more than ever that student government is taking a prominent part in school functions.

Main problem open for discussion will be the attitude toward athletic proselyting.

It has been outlawed in the Northern regional association, a section of CJCSGC. The delegates to the regional meeting of the CJCSGC held in Modesto on March 4 felt that this was not practical in acquiring good teams.

Another important item to be discussed is the standardization of athletic awards throughout the state. It is believed that the system of requirements by which each school rewards the athletes should be standardized, thereby making a more equal opportunity for everyone concerned.

Gamble, representative from Hartnell, will be chairman of the caucus group which is to draw up resolutions to be submitted to the state athletic board concerning this problem, if the conference determines that it should.

Other problems to be discussed are: ways and means of promoting good relations between rival schools, preparation and credit for student body leadership and service. Also special discussion groups for schools of similar size will exchange ideas on common problems.

This semester, most of the student commission of Hartnell will probably attend the conference. At the convention meeting last November, Larry Connor, men's representative, Gamble and Roy Johnson represented the Hart-

Steve Gamble, who is chairman of the California junior college student government conference which will draw up resolutions concerning athletic proselyting and submit them to the state athletic board.

## Motion Picture Club Anticipated

If enough students are interested in joining a motion picture camera club, films could be taken of college activities and athletic events, according to Mr. William Bullis.

Several students have already shown interest in organizing such a club, said Mr. Bullis. The college has one camera available and some students have their own. So, if equipment for processing black and white film is purchased, the costs of production will be considerably cheaper.

The cost to members would be approximately 80 cents for five minutes of film on the screen, whereas an independent producer would have to spend about \$1.60 and wait for the film to return from New York.

According to Mr. Bullis, there are many interesting possibilities in trick effects and titling of films. With the engineering department's lettering machine, Mr. Bullis says that many of the novel titles on professional movies can be duplicated.

## Commission Says Loans Overdue: Urges Payment

With president, vice-president, and secretary absent, the student commission met Tuesday noon and decided that steps would have to be taken in order to receive money that is owed to them. Roy Johnson presided over the meeting.

The first step taken at the meeting was to divide the names of the persons who signed I.O.U.'s for their registration fees. Each member of the commission will contact 12 debtors to ask them to pay and remind them that they have signed a binding contract.

The second step was to write a letter to the Freshman Class asking them to make up the \$20 loss that they made by hiring an orchestra for their annual Pajamarino, February 25. The money at the door was not enough to cover the bill, so the commission had to take care of expenses for them.

## Commerce Dept. Helps Students Find Good Jobs

Continuing the policy of helping the students find worthwhile jobs, the commercial department has been giving interested students the opportunity to take Civil Service examinations.

These examinations are given in two series, the first being a typing test which was given to 45 students February 24. Thirty-eight students who passed will take the tests for various categories of civil service work. Twenty-four have taken the written test this month and the remaining will be completed next month. If this test is passed the names of the applicants will be put on a list and will be eligible for state jobs. These jobs are available in several different bureaus from King City to Santa Cruz.

In civil service, after completing a year of work, a test may be taken to advance to a higher category, as from junior to intermediate classification.

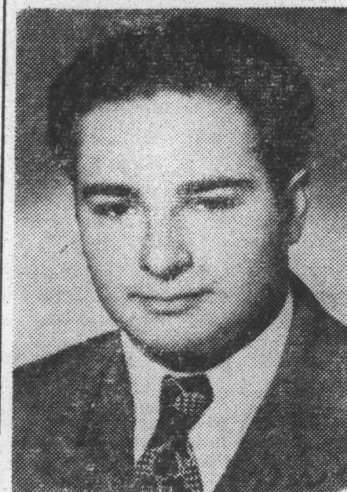

## 'Antigone' Will Face Audience Next Week

Tickets are on sale for the production of "Antigone" which will be given in the Hartnell College Little Theater during the evenings of March 30, 31, and April 1. Student tickets are available at the main office for 50 cents.

Adult tickets at \$1 may be secured from Gadsby's Music Company in Salinas. Adult reservations may be made by telephoning 6773.

The Salinas Woman's Club is sponsoring the production and has placed tickets on advance sale. Consequently, adult tickets may be purchased from the various members.

Cast in the title role is Miss Jacqueline Day, who was formerly seen as "Abby" in "The Late Christopher Bean," produced last month. King Creon, the major supporting role, will be handled in a convincing fashion by Richard Cimino.

Richard Cimino, who plays the role of King Creon in the Hartnell presentation of "Antigone" which will be presented next week in the Hartnell Little Theater.

"Antigone," one of the better known of the great Greek tragedies, was an original plot by Sophocles. The French writer, Jean Anouilh, presented an adaptation of the story in Paris in 1943, and he had to receive the sanction of the German censor before it could be performed in the presence of the German state police. Therefore, his play in which Antigone represented a symbol of freedom for all Frenchmen, and Creon, the head of the German "new order" developed unusual interest.

It is an American adaptation of the 1943 version which Hartnell College cast is presenting. This modern version still retains the beauty of the original Greek classic and yet the dialogue is so arranged that it is completely understandable to any audience.

Although the Broadway production, which featured Katharine Cornell and Sir Cedric Hard-

(CONTINUED ON PAGE 2)

## Six Students Dismissed This Week From HC

Six students were ousted from Hartnell College this week for failing to maintain a "C" average while on strict probationary status. They may return to Hartnell in the following semester.

Eighteen other students that were placed on strict probation have brought their scholastic average up in the last six weeks to a "C" average or better. These 18 students' records will be scanned over on the twelfth week and possibly a few of them may be disqualified.

Students that have been dismissed for this semester have been on probation during the past and were warned to earn a "C" average. President J. B. Lemos recommends students with precarious grades to get acquainted with the minimum scholarship requirements on page 13 of the Hartnell College bulletin.

## 7 Pass Shorthand Test

Seven intermediate shorthand students have received their awards for the 60-word-a-minute exam that they passed February 25. They are Laurine Nielsen, Lois Dobbel, Mary Joan Rodriguez, Norma Jansen, Shiyoko Takatsugi, Florence Serpa, and Mary Lou Gomes.

Mr. Samuel King, commercial department instructor, remarked that these examinations will be given monthly.

## Fliers Obtain Link Trainer

With the installation of a Link trainer, Hartnell College will possess a nearly complete aeronautical course.

Making its initial appearance on the campus next week, the trainer will be installed in the field house. The use of this helpful little machine ordinarily costs \$5 an hour, but of course to those privileged few of the Flying Club, it is free.

Twenty of the 40 hours' instruction time necessary for an instrument rating may be taken in the Link trainer, according to Mr. Richard Carlisle, who is teaching the C.A.A. regulations course. This saves the student \$100.

According to Mr. Carlisle three students are ready for this instruction now.

## 'ANTIGONE'...

## WEE GEE

By ANNABELLE

**Back to normal.** After a riotous, wet Sadie Hawkins' Day things are as per usual—quiet. Luckily, clear weather held forth but the race didn't. When the fellas ran out of the gym they found themselves caught in a tennis net trap. Several score escaped and ran like mad—but came trotting back. For once, a good orchestra for a dance and a floor show to boot. How about that Ann Leo? By the way, the band and floor show has just come from a performance at the local "Talent Quest."

**Unfair practices.** Gals are supposed to chase fellas on said day not vice versa. Males even had squirt guns loaded with perfume, kerosene, or castor (ugh) oil. Then there was that hound "Maggie" who even registered as a student.

**Pretty rugged and novel costumes** appeared that day but it was Vivian McDonald and Gino Lorenzi who took the schmoo and woodpecker home that night.

**Sitzmarkers are still at it** while the snow holds out. Then there are people like Ken Abbott and Gary Robinson who ran into some troubles on the slopes. A few sunburns, not lamps, have been acquired, too.

**That well-known athlete, Jim Cordial,** has left the fair campus for Oregon State. He plans more or less of a reunion with Len Diederichs, of football fame, in Oregon. Len is now hitting the books at University of Oregon.

**Humberto Gonzales, late of Leon, Mexico,** has now switched to Hartnell College. He came here a couple of weeks ago without any understanding of English and since then he has been catching on fast with the help of a few translators.

**Passing out those cigars** last week was Edward Kirshner. He is the dad of a bouncing baby boy which was born March 13. Kirshner spent 21 years in the navy before entering Hartnell as a freshman so plans for his son include a naval career.

**Spring has sprung** and as we look out through the fog, rain, and mist we see more mist, rain, and fog. In spring a young man's fancy lightly turns . . . to women, to the wonders of nature, to women, to lazy days on the beach, to women, to spring fever. A young woman's fancy? Reducing. Comes the time when she will have to squeeze into last year's bathing suit or this year's French strapless, backless, buttonless, zipperless suit (?).

## Alumni Begins Rogue's Gallery

Alumni Association of Hartnell College is this week planning a permanent set of files to keep accurate information about all former students, according to Mr. Richard Carlisle.

The files are a new type designed to segregate the alumni by such things as: organizations they belonged to, schools they went on to, special activities while here, male or female, high schools they attended, and other information.

The cards are gathered in these categories by inserting a rod through the respective hole in the top of the cards and the rod lifts out only those that are in that category.

The student body will start a file of this sort and when a student graduates, or goes on to another school, the card will be transferred to the alumni file.

## Clubs Urged To Plan For Carnival

Men's Club officers and all the other organization officers of the school will meet today at 2 p.m. to discuss the choices of booths for the Men's Club carnival on April 29.

The club wants to get the other organizations, decided on what type of booth they will run during this carnival. Many clubs have already decided what type they will have. It is reported that Hartnell A. and M. will have the ring-the-chicken concession.

Hartnell Men's Club this week joined the State Association of Associated Men Students.

## EDITORIAL

Today a relief campaign is opening on this campus—the annual World Student Service Fund Drive. There are over 8,000 students—college students like ourselves—in need today in the world. "Need" means just that—need of food, of books, of clothes, of medicine. There is one relief organization in this country which concentrates on helping those students. That is the World Student Service Fund. There is one group in which the WSSF campaigns and that is the students and faculty members of American colleges and universities.

What would failure in this campaign mean? It would mean fewer doctors, lawyers, engineers for countries which will not have enough trained workers for years. It would mean prejudice and ignorance in high places because there would not be enough educated men and women.

This is an era when all bonds between men in different nations are disappearing. It is vital that we preserve trained and educated men and women in every nation abroad who can work with us and understand us in the future. The WSSF offers the means for that preservation.

The records of where the money goes and what it accomplishes are available in the district headquarters, 715 South Hope Street, Los Angeles 15, for anyone who wants to see them. Everything we give to the WSSF should be regarded as insurance, not charity. The drive has commenced, the goal for Hartnell is 25 cents per student.

## Baptist Members Of Club Hold Student Forum

Baptist members of the Westminster Club participated in a student forum on Tuesday, March 22. Nancy Watson spoke on internationalism, Geneva Griggs on racism, and Evelyn Edmondson on practical problems.

Phyllis Williams, Evelyn Edmondson, and Geneva Griggs comprised the planning committee. Music and refreshments were included in the entertainment. Plans for the carnival and for raising additional funds were discussed.

# Tentative List Of Graduates Revealed

Mr. Jerry H. Girdner, dean of guidance and counseling, has released the following list of students who have applied for graduation. Students who intend to graduate but whose names are not on the list should see Mr. Girdner at once.

No student will be permitted to graduate who has not filed his application by next Monday noon, President John B. Lemos announced. The diploma order will be mailed Monday afternoon.

## Science Students To Take Trip To Pinnacles

Members of the geology, nature study, biological science, and physical science classes are planning to study the actual result of volcanic action in this area when they visit the Pinnacles national monument March 31.

They will board the school bus and travel to the Hollister side of the Pinnacles, Mr. Richard Carlisle stated. The Pinnacles which were formed from 15 to 20 millions years ago, will be an excellent example of transformation of volcanic ash into rock.

## 1948-49 La Reata Nears Completion

Joyce Anderson, La Reata editor, announced today that two thirds of the pictures, copy, and art work for the yearbook are now at the printers. Pages dealing with sports, dances, and informal snapshots of student activities are all that remain to be made up.

About 200 additional copies are available to students who didn't buy their copies last semester. Student body card holders can buy a copy for \$1 down and \$1.50 later. Nonstudent body card holders must pay the full \$5.

Remaining copies will be sold on a first come first served basis. Books are on sale in Room 9.

## Symphony to Be Conducted By Mr. McCann

Mr. Lorell McCann, head of Hartnell College music department, is to co-conduct the Monterey County Symphony Orchestra in conjunction with Mr. Clifford Anderson, head of Monterey city schools music department.

The symphony orchestra has some of the finest musicians in the county, including several former Hartnell students. A concert is to be given next Tuesday, March 29, in the Salinas high school auditorium.

## College Artists Exhibit Snow Scenes of Yosemite

"Everybody had a wonderful time," Joyce Anderson, Art Club president, said today of the Art Club trip to Yosemite National Park. Last Friday at 1 o'clock about 18 student-artists left Hartnell College for Yosemite on a week-end trip to paint some of the many colorful spots of the park.

The students stayed at the housekeeping cabins at Yosemite Lodge and took turns at doing the cooking and housekeeping.

Painting under snow conditions with water colors was a new experience for the group because the falling snow and drops of water from the trees caused the colors to run. The biting cold and near-frozen feet didn't help anything either, according to Joyce.

The rain Saturday kept most of the painters under cover, although some painted in the rain for a few moments and then hurried to dry their paintings by the stove in the Yosemite store before the colors could run. Saturday evening the club visited Yosemite museum to see some paintings and also to hear a geology lecture on how Yosemite Valley was formed.

The snow scenes in water col-

ors painted by the student artists are now on display in the art gallery.

# Freshmen Swamp Sophs In Interclass Meet 74-27; Host SFCC Saturday

To better determine his chances for survival against the powerful San Francisco City College track squad this Saturday, Coach Ed Adams last week staged an interclass track meet, the freshmen trouncing the sophomores, 74-27.

Les Hiserman, veteran of track, was the only double winner for the sophomores while Loren Green tallied 20 points to lead the freshmen in their victory.

Fred Manteufel ran a 10.5 century with Don Keeney, who had never run the race before, only inches behind the winner. Les Hiserman won the mile in a very

slow 5:12.2, with Del Deis only a stride back, but both men should take a half minute off the time by mid-season.

Pat Alexander, who was supposed to be participating in a baseball game at the time, ran over to the track, tossed the javeline 145 feet 2 inches to win the event, and then went back to his business on the baseball diamond.

## RESULTS

Complete results of the meet were:

Mile: Hiserman (S), Deis (S), Deluchi (S) 5:12.2.

44: Del Deis, only entry, .56 flat.

100-yard dash: Manteufel (F), Kenney (F), Ranconi (F), 10.5.

220 dash: Manteufel (F), Keeney (F), 23.4.

120 low hurdles: Green (F), 18.1.

880 yards: Hiserman (S), Toof (F), Ranconi (F), 2:14.

220 hurdles: Hart (F), Green (F), Cordial (F), Koue (F), 27.4.

Pole vault: Cordial and Ted Dennis (F) tied first, 11 feet, Grilley (F).

High jump: Fletcher (F), Reed (S), Grilley (F), Mulch (S) 5 feet 7 inches.

Shotput: Green (F), Reed (S), Johnson (S), Purcell (F) 37 ft. 4 1/2 in.

Javelin: Alexander (S), Dennis (F), Green (F), Hiserman (S), 145 ft. 2 in.

Discus: Green (F), Cordial (F), Haller (F), 116 feet.

Broad jump: McClintock (F), Kenyon (F), Green (F), Hiserman (S), 20 ft. 5 in.

## Panthers Murder Menlo Oaks, 18-3

### Weather Permitting

## Hartnell Nine To Journey To Modesto For Twin Bill

Fresh from their conference win over the Menlo Oaks, the Panthers will now journey to Modesto tomorrow, weather permitting, to battle a potent Pirate team in a doubleheader. After their crushing win over Menlo, the Panthers have the old fire that will take them far in the junior college conference before the season draws to a close.

Harold Giacomazzi will probably work the first game for the Panthers, and if the Modesto nine should get to him, Coach Jess Regli can always send Don Neilsen, Pat Alexander, or Jim Collins to his relief. Bob Jefferson is the likely candidate for the hill during the second contest.

Mike Bellone, the newest addition to the team, has given the team plenty of needed power at the plate and added support to the pitcher in the infield at shortstop. Pat Alexander at first, Cliff Cracknell at second, and Gene Freiermuth on third, seem to be permanent fixtures on Regli's well-rounded team.

In the fly chasing department Bill Cook leads the parade. His fielding, throwing, and hitting would be a power asset to any organization. "Cas" Casalegna, Leo Cook, and Jim Micheletta complete the list of outfielders.

John Alsop is at the top of the list of Hartnell backstops, with

## Carmel Hi Bows To Panthers 21-3 In Practice Tilt

In a practice tilt with Carmel High School, which could have been better described as a battling practice session, the Hartnell Panthers completely buried the visiting nine, 21-3.

Jim Collins started on the mound for the locals and was credited with the win. Alexander, Jefferson, and Giacomazzi all worked on the hill for the Panthers during the game.

Because of the rain and final examinations, San Jose State called and postponed their game with the Panthers until April 27. The Fort Ord game has also been postponed and the alumni affair, which has been put off three times already, was scheduled for yesterday afternoon and was called off for a fourth time.

Because of the delays, several alumni prospective players were out of the lineup because they have reported to training camps for spring training with professional clubs.

Wally Wong giving him plenty of fight for his position. In addition to these two, Bill Dodge and Fred Manteufel can give their assistance if it is needed.

After bowing to the same team three days previously, the Panthers, knowing that they were a better team, took plenty of revenge for their defeat, slaughtering the visitors, 18-3. The addition of Mike Bellone to the team gave them more hitting power and a lot of winning spirit.

Harold Giacomazzi and Bob Jefferson worked on the mound for the Panthers and had little trouble in setting down the Oaks in order. The two hurlers allowed the Menlo nine only five hits, struck out 19, and walked none, while their teammates were collecting 17 safeties, four of them for extra bases, to rout the visiting rivals.

Pat Alexander, who started the season pitching for the Panthers,
